Project Name	Global Fuel Prices and Taxation Analysis (2020 to 2026)
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	**Stage 1: Explore the data**	**Stage 2: Compare and analyze**	**Stage 3: Decide and share**
Actions *What does the customer do?*	• Opens the dashboard • Reads the scenario headers • Selects a year to look at	• Hovers over the map and charts • Clicks a country or region • Compares tax, subsidy and price	• Reads the written insights • Exports the dashboard as image or PDF • Shares findings with the team
Touchpoint *What part of the service do they interact with?*	• Dashboard title and scenario rows • Year filter • Tax map	• Tax vs subsidy chart • Tooltips • Click-to-filter	• Insight text boxes • Export or Tableau Public link • Report and slides
Customer Thought *What is the customer thinking?*	• "What does this show me?" • "Where is my scenario?" • "Which year matters most?"	• "Which countries stand out?" • "How do tax and subsidy relate?" • "Can I trust these numbers?"	• "What is the main finding?" • "Can I use this in my report?" • "Who should see this?"
Customer Feeling *What is the customer feeling?*	Curious but a little unsure where to start	Engaged and more confident as patterns appear	Satisfied and ready to act on the evidence

Process Ownership *Who is in the lead on this?*	Dashboard developer (layout and filters)	Dashboard developer and data analyst (calculations and charts)	Project team (insights and reporting)
Opportunities *How can we improve this stage?*	• Add a short guide to the filters • Keep scenario headers clear • Choose a useful default year	• Add more detail to tooltips • Add a region filter • Highlight the selected country	• Add one-click export • Add a summary page • Show the data update date
